SYLLABUS

Background: Geriatric disorder is an emerging specialised field in the medicine requires special care and skill to serve the need of the society, Healthy ageing is one of the most preferred desire of human being. Hence Ayurveda thousands of years back considered the importance of the subject developed one Jara Sahayak course to cater the need of society. Looking into the present scenario and need of the society it is need of time to come up to capacity building of Ayurveda graduate, Post graduate as well as paramedical staff in Jara Chikitsa and care. At present no any other institute is providing such an opportunity to train and develop man power in this specialty. Hence, a 1-3 months skill development programme in JARA SAHAYAK (Elderly care giver) is proposed to start at AIIA. **Duration of course**-3 months including 1 month on the job training, full time residential skill programme.
